

BEREAVEMENT SUPPORT TRAINING

Introductory training session: Supporting children, young people and their families following a bereavement

Following this session participants will have an understanding of the issues children and young people face following the loss of someone close to them, will have an awareness of how to identify families who are at risk of complex and unresolved grief and develop some coping strategies. The session will also cover support available and locally pathways for referral.

**Wigan Hospital education room
- Wrightington, Wigan and Leigh NHS FT
Thursday 22nd March 2018
2pm - 3.30pm**
